**THE DAILY SENTINEL**  
RUFUS KING & WM. H. WATSON,  
PROPRIETORS  
Under the Name and Firm of Rufus King & Co.  
**MILWAUKEE:**  
Friday Morning, March 27.  
For Chief Judges of the Supreme Court,  
**EDWARD V. WHITON.**  
**ELECTION, TUESDAY, APRIL 7.**

The Fifth Ward Murder.—In our local column will be found the proceedings of the Coroners Inquest, in the case of John Fischbeck, who was shot and killed by Joseph Burns. The testimony shows that the murder was brutal, wanton and unprovoked. It adds another to the long catalogue of crimes, chargeable to liquor and the practice of carrying deadly weapons. The murderer is now in jail, awaiting his trial.

"ROTATION IN OFFICE."—It would seem that the Administration had already tired of its new rule about the dispensation of federal patronage, and is re-apportioning the bulk of those offices whose commissions are about to expire.—Such, at least, are the indications in the last batch of appointments.

ANOTHER HEAVY DEFAULCATION.—The telegraph brings the news of another heavy defalcation. The delinquent is a man heretofore very highly respected. The sufferers are the N. Y. Central R. Co. company, but they claim to be secured.

The Charter Election—City Expenses.

Our Charter Election is close at hand, and to the end that the people may wisely exercise their right of suffrage, it behoves our present City rulers to give an account of their stewardship.—The tax-payers of this city, as a general rule, are in a state of profound ignorance as to the actual financial condition and management of our municipal affairs. The whole amount of the city's debt, the aggregate of the city expenditures, and the details of these expenditures, are all unknown quantities to the mass of the electors. This should not be. The present city administration uses it well, as to themselves as to their constituents, to publish a full statement of the debt, revenues and expenditures of the city. Let us know how we stand; for what we are taxed; and where and how we can safely retrench. To suppress this information, or to withhold it till the very eve of election, argues either official neglect, or a consciousness of something wrong.

**Milwaukee and Horicon Railroad.**  
This favorite enterprise holds it sway, steadily and successfully, north-westwardly from our city into the far interior of our thriving State. As our readers know, it is now open to Birn, a busy and beautiful town in Fond du Lac County, about 50 miles from Milwaukee. Another section of 12 miles will bring the road to Berlin, on the Fox River, a very important point. We learn from Mr. J. B. Sutin, the very efficient President of the Company, who returned from New York on Tuesday last, that he has purchased all the rails, spikes and chairs required for the track as far as Berlin, and that they will be delivered as soon after the opening of navigation as they can be forwarded. The grading on the section between Ripon and Berlin has made good progress during the winter, and no doubt remains that the road will be finished and open for business to Berlin, in about four months from now. We may confidently look for a large accession of trade and travel with the extension of the Milwaukee and Horicon Railroad to Berlin.

**CHIVALRY "BEAVARD."**—In answer to some of the articles in the Northern press, about the recent scandalous decision of the Supreme Court in the Dred Scott case, the Richmond *Enquirer* thus discourses:

The election of the Judges of the Supreme Court by the people, is beneficial to be one of the aims of the Abolitionists, for acquiring the means of having the slaves of the South tried in the Federal Courts, if any financial crisis of law, if they accomplish that end, the *transient Interests of the South* will have been swept away, the last bond of union will have been broken. But, before they can achieve the dark design, the Halls of Congress will be filled with the sounds of the Northern *VOTES OF MEMBERS*.

What these "sounds" will be, the *Enquirer* considerably refrains from specifying. We are left, therefore, to guess whether the crack of the slave-driver's whip, the twang of "gutta percha," bludgeons, the explosion of Southern revolts, or some other means of moral suasion, will be resorted to, by the slavery-propagandists, to defeat the heinous and treasonable attempt of the "Abolitionists," to make the Judiciary, like the Executive and Legislative departments of the Federal Government, responsible to, and independent of the people.

**TRAILOR TO PORTAGE CITY AND FOND DU LAC.**—Messrs. Sholes and Simons of Kenosha, we learn, have just completed a line of telegraph on the line of the La Crosse & Milwaukee R. R., under a contract with that company, and they are about to put up a line from the junction of the Chicago, St. Paul and Fond du Lac R. R., with the La Crosse R. R., to Fond du Lac, to be extended south to Janesville.

We are not aware as to whether these lines are to be open to public use, or whether they are confined to the needs of the roads.

**CARPENTER'S IMPROVED PATENT HORSE RAKE.**  
—We were shown a day or two since, by A. C. Goss, the agent for this State, a working model of a new Horse Rake, which seems to combine various desirable improvements. The person who manages it relies upon an elevated shaft, throwing off the gathered hay by the easy movements of a lever. The rake runs upon wheels or springs at pleasure, thus being adapted to either smooth or rough ground. The laborer is very ingeniously contrived, and tests by practical use in New England have established its value to farmers. Norton, Mason & Co., Boston, are the makers. Mr. Goss is the agent for the sale of county and town rights in this State.

**ANOTHER MYSTERIOUS DISAPPEARANCE.**—The Buffalo papers mention the mysterious disappearance of Mr. James C. Gibson, of that city, formerly Treasurer of the Lake Navigation Company, and recently appointed Superintendent of the Great Western Dispatch. He left Buffalo for Cleveland, on business connected with the "Dispatch," on the morning of the 13th inst., and up to the 24th, no tidings had been received of him.

**DEMOCRATIC.**—Among the appropriations of the Civil List recently voted at Washington, was one of an annual salary of \$1200 for a Stewart, whose duty is "to have the charge" of the "all-plate and furniture in President Buchanan's house."

**THE HAMILTON TRAGEDY.**—Two more bodies found.—The Hamilton Banner says that a diver descended on Thursday to the bottom of the canal and discovered two more bodies (a man and a woman), entangled in the works of the locomotive. The greatest exertions were being made in extracting them.

The number of passengers on the ill-fated train at Hamilton, as far as were ascertained, was 98, of these 63 were killed, 15 injured, two of whom have since died, and fifteen escaped unharmed.

**AN IMPORTANT CAPTURE BY AMERICAN TROOPS.**  
—The *New York* West correspondent of the *New Express*, under date of March 15th, gives a rumor of a fight between the Seminoles Indians and the United States troops, at the Big Cypress Swamp, in which six of the soldiers were killed and two taken captive by the Indians. The account adds, however, that our troops "captured a French Protestant clergyman, who has come to the United States to procure a new home for his flock of some five hundred Waldenses, is writing to treat with the Emigrant Aid and Homeless Company, whose charter is now before the New York legislature."

## MILWAUKEE DAILY SENTINEL, FRIDAY MORNING, MARCH 27, 1857.

**Conviction Touching Virginia.**

Conviction of six, the theologians tell us, precedes repentance, and men must be convinced that they need help and change, whether spiritual or temporal, before they will seek either. We gather from sundry articles recently published in those "high-toned" papers, the Richmond *Enquirer* and the *Whig*, which have so long upheld slavery as a blessed institution, that faint glimmerings of the truth are beginning to dawn upon the minds of the leaders of public opinion in the old Dominion.

Read the following, and see if there is not reason to hope for Virginia, when her leading press make the acknowledgement therein contained.

The Richmond *Whig*, in alluding to the relative decline of Virginia in Congressional representation, as compared with New York, says:

"We have just instituted between our own state and New York, in the course of a few weeks, a series of measures, which we consider as what we mean, when we speak of the decline of Virginia. She has declined—the she goes down hill with melancholy velocity, as compared with many of her sister states and their progress in population, wealth, and political and social power."

"Debt! debt! taxes! taxes!" describes exactly the existing condition of the Commonwealth and people of Virginia. As a state, blessed with natural advantages, the *Enquirer* asks, "What have we built up? What great thoroughfares have we constructed?" We agree with our neighbor, that these are questions which now direct themselves forcibly to our interests, and should be answered by the people of Virginia, by reference to the rapidly progressive condition of many others of the northern, northwestern and western states. But the comparison we have just instituted between our own state and New York, in the course of a few weeks, is a series of measures, which we mean, when we speak of the decline of Virginia. She has declined—the she goes down hill with melancholy velocity, as compared with many of her sister states and their progress in population, wealth, and political and social power."

On motion of Mr. Farrot, a committee on platform was chosen by nomination; it was composed of Wm. Phillips, 1st Dist.; Wm. C. Williams, 2d Dist.; W. C. Chapman, 3d; P. C. Schuyler, 4th; C. Blood, 5th; W. Chapman, 6th; S. P. McAffe, 7th; A. Lovell, 8th; H. Ward, 11th; M. J. Parsons, 12th.

The president appointed the committees on finance and audit, and the following were elected officers: Mr. C. Currier, chairman; Messrs. W. W. Ross, and A. W. Nichols, vice-chairmen; Dr. Charles Robinson was requested to withdraw his letter of resignation of Governor of the State of Kansas.

After discussion, it was carried, Gov. Robinson explained his position, and declared his desire to remain in office, and his company did not yet wish to withdraw his letter of resignation. He was received with great applause. Judge Schuyler made some remarks complimentary to Gov. Robinson, but was called to order from part of the hall.

The following resolution was offered by Mr. Lovell:

"Resolved, That we recommend the propriety of settling the question of the status of Kansas, in the most expeditious manner possible, and that the same be referred to a Committee of three, consisting of Mr. Farrot, Mr. Chapman, and Mr. Lovell."

On motion of Dr. Lovell, the following was adopted, after discussion:

On motion of Dr. Lovell, the following was adopted, after discussion:

## RESOLUTIONS:

We, citizens of Kansas, in delegate conventions assembled at Topeka, March 10, A. D. 1857, do hereby resolve:

Whereas, A body of men recently assembled at Leavenworth, and claiming to be the legislative assembly of Kansas territory, have adopted a regulation purporting to be a law, for taking the census and electing members of Congress, and proposed to be held in that place in September next; whereas, the said assembly was the creature of fraud, and its members, representatives of people foreign to this territory.

After the adjournment, Henry Bartholomew, the sole member of the Court, was charged with serving on Mr. Baker the order of Judge Davies, requiring him to deliver up the person of his daughter to her lawful husband. Mr. Bartholomew proceeded to the office of the Sheriff, and informed him that he had come for the purpose of escorting Mrs. Dean to the presence of her husband. Of course the various members of the family were deeply interested in this matter, and the Sheriff, who was fully aware of the importance of the case, was compelled to prevent any remedy from being done.
